

## MENTEE

### Sintamei Nkaitole

CEO & Founder, [Asali Organics Limited](#)

Kenya

A Pioneer in Beekeeping: Conservation and Social Impact. Sintamei Nkaitole is a renowned advocate for sustainable agriculture and a trailblazer in the field of beekeeping. With a deep commitment to environmental conservation and rural empowerment, she has revolutionized honey production through innovative practices and community-centered projects. Sintamei has established herself as a leader in modern apiary management, providing farmers with the tools, knowledge, and market access needed to succeed in the honey industry.

#### Asali Organics Limited

Sintamei has spearheaded multiple initiatives to transform beekeeping into a viable livelihood for rural communities. Through the Apiary Management Services (AMS) program, she has enabled farmers to adopt efficient and sustainable beekeeping practices. To name her most recent project's:

1. Human wildlife conflict prevention in Oloisukut conservancy, Maasai Mara.
2. MAWICA social impact and conservation project in Marsabit conservancy.

Working directly with a pool of 10,000 farmers, her work has not only transformed individual livelihoods but also contributed to building resilient and eco-conscious communities. Through her vision and dedication, Sintamei Nkaitole continues to inspire and uplift countless lives, making her a driving force in the fields of beekeeping, social enterprise, and environmental stewardship.
