Managing Director

Nyamurinda Coffee Growers Ltd

Rwanda

Mukamana Immaculee holds a bachelor's degree in Management and Economics and has over 10 years of experience in the agricultural sector, focusing primarily on coffee. She serves as the representative and major decision-maker of Nyamurinda Coffee Growers Ltd. In her role, Immaculee oversees all daily operations, ensures that the team meets set goals, and manages office administration. She is also responsible for identifying market opportunities, negotiating with international buyers, and coordinating the company's export activities. Through her leadership, Nyamurinda has grown into a recognized women-led specialty coffee exporter, combining quality production with social impact.

Nyamurinda Coffee Growers Ltd

Nyamurinda Coffee Growers Ltd operates in the Southern and Western provinces and in Karongi District. Owned by sisters Mukamana Immaculee and Nyiramana Francine, it started on 5 hectares in 2012, grew to 10 hectares and opened a washing station in 2016 to process 100% Arabica Bourbon. The company works with over 1,000 farmers in 50+ cooperatives, trained 1,024 farmers last year, and is about 80 percent women-led. It employs 10 permanent staff and about 100 seasonal workers, produces roughly ten 19,200 kg containers per year and exports to Sweden, Netherlands, Belgium, Switzerland, Singapore, Taiwan and Canada. The coffee is Rainforest Alliance certified and EUDR compliant, with organic certification pending. Nyamurinda's coffees feature vanilla, strawberry and honey notes and appeal to buyers who value quality, sustainability and social impact.
